Subject: Upgrade EZserver old version to the 12.0 version

   EZhometech EZserver 12.0 version enhances the security protection, so you need to follow the below steps to update the license key:

- Get the new patch.sh from sales@ezhometech.com
- Replace **ezserver_prof/patch.sh**.by the new patch.sh
- Delete **ezserver_prof/serial_number.txt**
- Run ./patch.sh
- Input the download password to get 12.0 version
- Run ./ezserver to create the new serial_number.txt
- Send new serial_number.txt to sales@ezhometech.com for key activiation.
