

16. M3U8 Channels to EZ Panel Channels

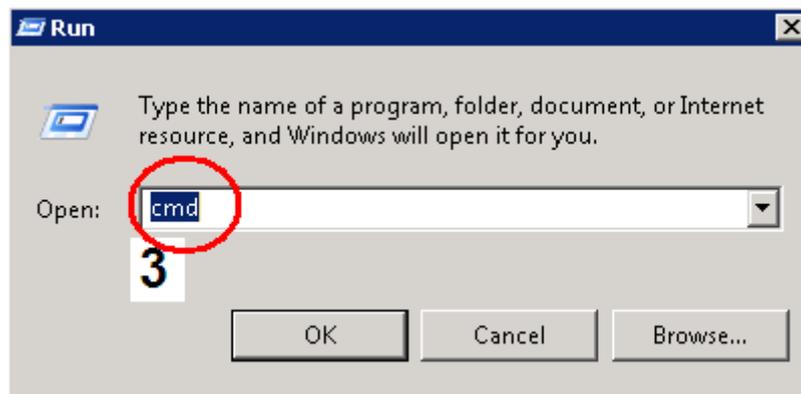

Convert m3u8 file into EZserver channel list : channel_definition.xml

- **Windows Version:**

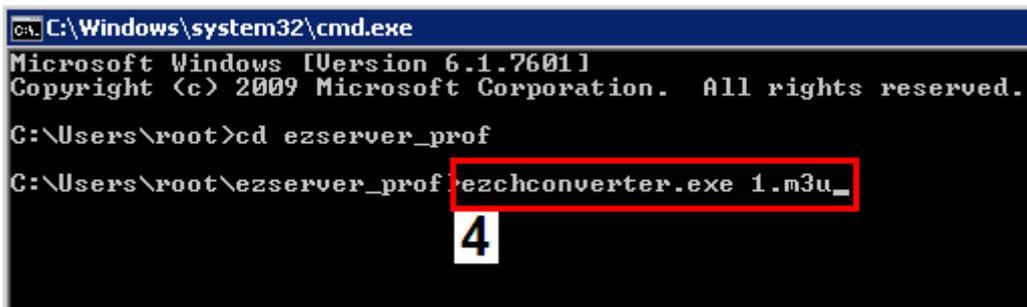

- Click Start: Run

- Type "cmd"

- Run "ezchconverter.exe 1.m3u"

- **Linux Version:**

- cd ezserver_prof/
- ls ezchconverter
- ./ezchconverter 1.m3u
- cat channel_definition.xml

```
robert@debian: ~  
root@debian:~# cd ezserver_prof/ 1  
root@debian:~/ezserver_prof# ls ezchconverter 2  
ezchconverter  
root@debian:~/ezserver_prof# ./ezchconverter 1.m3u 3  
root@debian:~/ezserver_prof# cat channel_definition.xml 4
```
